

# The Safe Summer Matching Sponsor Challenge

A generous Atlanta-based business has agreed to match whatever we raise up to \$50,000. We have doubled in size since last year and are excited to serve more kids than ever before. Through our sponsorship program we are targeting

- 2 \$10k Sponsors
- 3 \$5k Sponsors
- 4 \$2.5k Sponsors
- 5 \$1k Sponsors

**8 WEEKS OF CAMPS AND JOBS**

Restore Life is recognized as a non-profit organization per IRS Code 432.56.215-B. Donations are Deductible.

PH: (404) 704-0718

Let's give our kids in Metro Atlanta a safe, fun and purposeful summer they won't forget!

This is a summer program for the kids in our city often forgotten... many living in poverty... some staying in extended stay hotels or shelters with their families or grandparents as they try to make their way in this post pandemic world where lower-income housing options continue to disappear and inflation drives prices higher and higher. Our summer program provides fun camps for kids and jobs for youth who want to work and be developed in skills and character. We need to raise \$100k to succeed this summer in providing these programs for our youth.

# OPERATION SAFE SUMMER

Work Hard/Play Hard

We started our summer camp program 5 years ago because we were tired of seeing the streets claim our kids' attention and shape their lives toward destructive patterns... The last last two years we developed work programs to add to the impact. Our youth made some money, AND had fun doing it. This year we are doing it again Except we have doubled in size!

**We partner with local owned businesses to offer a teen work experience and multiple weeks of fun camps for young people ages 7-18. It's a perfect Work Hard/Play Hard summer!**

Our Bankhead Renaissance program provides a safe place where our youth will learn various career skills, work ethic, character, financial management, and a whole lot more... And they will work alongside local businesses. We will help supplement the pay for the businesses mentoring our youth to help them not take a loss and to show the value to them of their time taken to help train this next generation to be hard workers with innovativeness and integrity.

Through your generous gifts we are empowering local businesses owners in various fields and paying our youth to apprentice under these experts for 4 weeks, acquiring job skills while also being mentored by these strong, Godly leaders... and the youth get to make some honest money too! Sounds pretty un-boring right? Some of the work our kids will be doing will be in a studio, hair salon, painting, performance venues, video shoots, sound engineering, lawn care, car wash, daycare, and helping with the food bank. Every gift matters and moves us one step closer to being able to reach more youth.
